## INTRODUCING SMARTHOME FIXTURES COVER

Comprehensive breakdown cover from as little as **R65** PM

Fixtures are the heart and soul of every household. They regulate our power and provide for our plumbing. They warm our water and defend our driveways. Without them, the home is helpless.

Which is why SmartHome Fixtures Cover is here to ensure that your household's electrical and plumbing components are always taken care of: making it the real smart choice for your home.

SmartHome Fixtures Cover is designed to deliver the kind of peace of mind that comes with knowing that someone's got your back (and will get your home back on track).

**Because whatever we can't repair, we'll replace.  
Swiftly, simply, smartly.**

### WHAT WE COVER

#### Repairs

Depending on the cover chosen, your home will be insured against electrical, plumbing, geyser and motor repairs.

#### Replacements

The replacement of components or entire units, where necessary, is also covered. Each claim is limited to R10 000, with a flat excess of R250.

### WHAT WE DON'T COVER

Your cover is subject to the terms and conditions of the manufacturer's standard warranty for faulty motors, geysers, electrical, and plumbing contract work. This means, if the fixture or completed work is still guaranteed, you must lodge a claim under the existing warranty before submitting one to SmartHome.

#### General exclusions include:

- Natural disasters
- Fire damage

For the full list of exclusions, please download our policy document at [getsmarhome.co.za](https://getsmarhome.co.za)

### PERIOD OF COVER

SmartHome Fixtures Cover is a monthly policy that's as easy to maintain as it is to customise. Your plan will renew each month for as long as your premium is paid via debit order.
